Public Notice

Subject: Disclaimer

It has come to our notice that some unscrupulous men are moving in the quarters around "Brasseries Junction" and the "Behind Che" areas towards Ntarinkon Bamenda, claiming to be medical doctors from the CBC Health Services. On Tuesday April 21, 2020, they boldly went into the home of one of our workers who was able to uncover their wicked acts on questioning their motives. The fake medical doctor in question who said he is from Banso Baptist Hospital was putting on a strange badge and could not answer questions pertaining to the place where he claimed he was coming from. He disappeared into thin air when our worker made a phone call to enquire from her Supervisor about the authenticity of the doctor.

The CBC Health Services offers facility based services in Bamenda at the Nkwen Baptist Health Centre situated at Finance Junction, Nkwen. There are other facilities where we give technical support within the city.

Outreach activities are properly planned and authorized and are usually carried out by a Team of Staff who are duly identified. The CBC Health Services has not sent out any team or individual on outreach in that neighborhood or anywhere else in Bamenda for any Testing, Treatment or for any other reason.

Please report such culprits to the nearest authorities of Law and Order for appropriate action to be meted on them.

Sincerely,

Prof. Tih Pius Muffih, MPH, PhD
Director, CBC Health Services
