“Building resilience of refugees, IDPs, and host community through improved access to health, education, and income-generating activities”

LOT 4:

**Equipping of Inclusive Learning Resource Centers at Government Bilingual High School of Minawao (Mayo-Tsanaga), Mora (Mayo-Sava) and Kousseri (Logone et Chari) in Maroua, Far North region with IT Equipment and Inclusive teaching and learning materials**

A. Background
The Far North of Cameroon over the past years have been affected by recurrent crises such as armed conflicts and natural disasters. The crisis affects four million inhabitants, adding to the underdevelopment compared to the rest of the country. In response to this situation, the CBC Health Services in partnership with CBM is implementing the project for “Building Resilience of Refugees, IDPs, and host community through improved access to Health, Education, and income-generating activities” with funding from the Federal Ministry for Economic Cooperation and Development (BMZ).

This project among other things, will enhance access to quality education for learners with disabilities in the region with investments made in the capacity development of administrative and teaching staff on inclusion. To promote inclusive education in the Region, additional resources have been dedicated to the creation of three Inclusive Learning Resource Centers. The creation of the Inclusive Learning Resource Centers is seen as a strategy to improve inclusive education in mainstream schools a model which has been tested and successfully validated by CBM and the CBC Health Services in the North-West region from 2012 to 2015.

B. Objective
The main objective is to select quality and reputable dealer in inclusive learning materials to supply software, IT equipment, teaching and learning materials for three inclusive learning resources centers in the Far North Region of Cameroon created within the context of the Building Resilience Project.

C. Scope of activity
This tender covers the supply of the following equipment for the Inclusive Learning Resource Centers:

Heavy-Duty Braille Typewriter
- All-metal construction
- Comprised of 6 keys, plus Space-bar, Backspace, and Line-space.
- And write up to 42 cells per line.
- Bell provided to indicate end of line.
- Included are leather dust cover, Braille eraser, and manual.

Braille printers Embosser
- Index Braille embosser

Power point projector
- Epson VS250 SVGA 3,200 Lumens Color
- Brightness (Color Light Output) 3,200
- Lumens White Brightness (White Light Output) HDMI 3LCD Projector and USB.

Other teaching materials
- Talking clocks, talking calculators, reading slides, reading rulers, mobility sticks, tactile globes, talking dictionaries and braille papers

The supplier will also be responsible for the purchase, transportation and installation of equipment and providing orientation to staff on usage where necessary.

D. Timeline:
The activity is expected to be completed within 1 month from the date of contract award.

E. Requirements:
The supplier must meet the following requirements:
- Have experience in providing and installing orthopedic equipment in a hospital setting
- Have a proven track record of delivering high-quality equipment and services
- Have the necessary certifications and licenses to operate in Cameroon
- Have a strong commitment to social responsibility and ethical business practices

F. Submission of Proposals:
Interested suppliers should submit their proposals by email to any of the following email addresses: bamendahs@gmail.com or spd@cbchealthservices.org no later than September 30, 2023, at 10:00 a.m. The proposal should include the following:
- Company profile and experience
- A quotation specifying the equipment/materials and their unit prices
- Delivery plan and timeline

G. Evaluation Criteria:
Proposals will be evaluated based on the following criteria:
- Experience and qualifications of the supplier
- Quality and suitability of the equipment
- Implementation plan and timeline
- Cost-effectiveness

The tender review committee to be assigned by the Director of Health Services reserves the right to reject any proposal that does not meet the requirements or evaluation criteria.

H. Contact Information:
